KDDI's corporate governance status is described below.

[I. Basic Views on Corporate Governance, Capital Structure, Corporate Attributes and Other Basic Information](#)

1. Basic Views

As a telecommunications operator that provides social infrastructure, KDDI (the "Company") has the important social mission of providing stable communications services on an ongoing basis, 24 hours a day and 365 days a year, regardless of conditions. Furthermore, as a telecommunications operator our business derives from utilizing radio waves—an important asset shared by all citizens. Accordingly, we recognize that we have the social responsibility to address the issues society faces and seek to resolve them through telecommunications.

Attaining sustainable growth and increased corporate value over the medium to long term is essential to achieving this social mission and social responsibility. Furthermore, we strive to engage in dialogue with all our stakeholders, including customers, shareholders, business partners, employees, and local communities and work in cooperation to proactively address societal issues. In this manner, we aim to contribute to the development of a safe, secure, and bountiful communications-oriented society.

We recognize reinforcing corporate governance as important to achieving sustainable growth and increased corporate value over the medium to long term. Accordingly, we are in accordance with the tenets of the "Corporate Governance Code" defined by the financial instruments exchange. While maintaining transparency and fairness, we endeavor to enhance our structures for ensuring timely and decisive decision-making.

In addition to our corporate credo and mission statement, we have formulated the "KDDI Group Philosophy," which defines perspectives, values, and code of conduct that officers and employees should share. We conduct activities to promote awareness of this philosophy throughout the Company.

By proactively adhering to Japan's Corporate Governance Code and practicing the "KDDI Group Philosophy," which we consider inseparable from the standpoint of corporate management, we will endeavor to enhance corporate governance throughout the KDDI Group, including its subsidiaries, to achieve sustainable growth and increased corporate value over the medium to long term.

[\[Reasons for Non-Compliance with the Principles of Japan's Corporate Governance Code\]](#)

To realize sustainable growth and increase corporate value over the medium to long term, KDDI engages in continuous efforts to improve corporate governance and is in compliance with all codes as of today.

[\[Disclosure Based on the Principles of Japan's Corporate Governance Code\]](#) [\[Updated\]](#)

[Principle 1.4]

■ Policy on Strategic Shareholdings

KDDI believes that participating in tie-ups with a variety of companies is essential to providing our customers with increasingly diverse and advanced services.

KDDI possesses strategic shareholdings if such possession will contribute to the sustainable growth of KDDI's business and mid/long-term increase of corporate value.

Every year, Board of Directors reviews all the pros and cons of continuing the possession of each individual strategic holdings by judging the significance and economic rationale. We will sell a strategic shareholding which have tenuous significance, as promptly as possible.

The Company calculates the ratio of the contribution by the issuing company to the Company's profits within the most recent fiscal year. The economic rationale is verified by comparing the ratio with valuation of each strategic shareholding at the end of the most recent fiscal year, whether the ratio satisfies the capital cost standard established by the Company.

■ **Standards for Ensuring Appropriate Exercise of Voting Rights on Strategic Shareholdings**

Given the extensiveness and diversity of the KDDI Group's businesses, while respecting the intentions of share-issuing companies we set as our standard for exercising voting rights the sustainable growth and increased corporate value of the entire KDDI Group over the medium to long term, taking into overall consideration such factors as periodic business results and the results of dialogue with issuing companies.

To guard against decisions skewed toward short-term business interests, we have created a process for exercising voting rights that involves checks by the management team, thereby ensuring that management decisions are made from a companywide perspective.

[Principle 1.7]

In accordance with the Companies Act, KDDI requires competitive or conflict-of-interest transactions by directors to be approved by and reported to the Board of Directors.

Individual transactions with major shareholders are conducted in accordance with "IX. Appropriate Accounting and Adherence to Agreements," one of the basic principles of the "KDDI Code of Business Conduct."

In line with this principle, such transactions are decided upon in the same manner as other transactions, through internal requests for decision, rather than by setting special standards. In addition, internal requests for decision are checked by Audit & Supervisory Board members.

(Supplement)

The representative director of Kyocera Corporation and a director of Toyota Motor Corporation, which is a major shareholder of KDDI, serve as an outside director of the Company. Accordingly, we strike a balance between comprehensive approval by the Board of Directors and internal requests for decisions on individual transactions.

[Principle 2.6]

Operation of the Company's pension fund is managed by the KDDI Pension Fund (the "Fund"). The Company sends company executives and staffs with expertise in finance and human resources to the Fund, so as to increase the Fund's expertise in investing, and to be able to demonstrate the monitoring and other functions expected of an investment institution.

In addition, the Company confirms the soundness of overall fund operation through reviews during the quarterly fund investment committee meetings.

By rules of the Fund, The officer and the employee of the Fund are prohibited activities prejudicial

to the proper management and investment of the contribution for the purpose of obtaining a profit for himself/herself or any other third parties except the Funds.

In addition to establishing such requirements in the rules, the fund ensures that no conflict of interest occurs between the Company and the beneficiaries, by entrusting the contribution investment to multiple foreign and domestic investment institutions, and leaving the selection of individual investments and voting up to each investment institution.

[Principle 3.1]

(1) The KDDI Group Mission Statement, Management Strategies and Management Plans

■ The KDDI Group Mission Statement

The Group's mission statement is: "The KDDI Group values and cares about the material and emotional well-being of all its employees, and delivers a thrilling customer experience by always going further than expected with the ultimate goal of achieving a truly connected society." The corporate philosophy expresses the perspectives, values, and code of conduct to be upheld in achieving the KDDI Group's mission. These are defined in the five chapters of the "The KDDI Group Philosophy," which are "Vision," "Management Principles," "Professional Mindset," "Way Forward," and "Formula for Success."

By fulfilling the "The KDDI Group Philosophy," KDDI aims to be a company that is appreciated and trusted by all its stakeholders.

Please see the KDDI website for an overview of "The KDDI Group Philosophy."

■ Management Strategies and Management Plans

In the market environment of the information and telecommunications field, technological innovation and competition on a global scale is intensifying, various players are entering the field, and the pace of changes continues to accelerate. At the same time, however, devices, fees, and networks are beginning to homogenize. With these environmental changes in mind, we are making it our business management direction to transform ourselves to provide customers experience value that exceeds customer expectations, based on the keywords of 'customer perspective' and 'innovation' so that the Company can be the best choice of customers.

The Company's business strategy consists of the following three basic policies to achieve sustainable growth and improve business value in the mid to long term: sustainable growth in domestic telecommunications business, as well as maximizing the "au Economic Zone" and ambitious development of global business to establish a new growth axis.

The mid-term management goal is to achieve continuous growth and enhance shareholder return from the fiscal year ending March 31, 2017, through the fiscal year ending March 31, 2019.

For the sustainable profit growth, the Company set a target of operating profit and average annual growth rate (CAGR) of 7%, gross merchandise value of "au Economic Zone" over two trillion yen, along with a three year M&A for growth total on the scale of five hundred billion yen.

The Company plan to raise dividend payout ratio from above 30% to above 35% and repurchase own shares after growth investment. The Company also will cancel any treasury stock held in excess of limit of 5% of our total issued shares.

Please see the KDDI website for details on the Company's business management direction,

business strategy, and medium-term target.

(2) Basic Views and Guidelines on Corporate Governance

Please see the section of this report entitled " I .1. Basic Views."

(3) Policies and Procedures for Determining Executive Remuneration

Please see the sections of this report entitled " II .1. [Incentives] [Remuneration of Directors]" and " II .2. Matters Concerning Business Execution, Auditing and Supervision, Nomination, Determination of Remuneration and Other Functions (Overview of Current Corporate Governance System)."

(4) Policies and Procedures for Nominating Executives

■ Policy for the nomination and the election of Director and Audit & Supervisory Board member candidates

Accepting the diversity of human resources and utilizing the diverse knowledge, experiences, and skills of each employee are important drivers of growth for the Company that aims for the "Integration of Telecommunications and Life Design," and we believe that ensuring diversity in the Board of Directors will also lead to good management decisions.

The Company believes that the overall Board of Directors should include members with advanced specialized knowledge and diverse perspectives when making decisions including matters that are important from a management perspective and matters that legally require supervision. Accordingly, in principle the board includes the following members.

(Standards of Nomination and Election)

- All Candidates : People who have no selfish and high ethical view and personality appropriate to an executive member
- Director Candidates : Meeting one or more of the following standards
 - People with specialized knowledge and experience in various fields of business
 - People who have management knowledge appropriate to a supervisor or possess specialized knowledge
 - People who are highly independent
- Audit & Supervisory Candidates : People who are able to supervise overall management from a perspective independent from directors and who have the extensive experience and broad-ranging insight to enhance audit appropriateness.

■ Procedure for the nomination and the election of Director and Audit & Supervisory Board member candidates

(Procedure for the nomination and the election of Director)

1. Selection of candidates based on the above standards
2. Deliberation by the Nomination Advisory Committee
3. Approval by the Board of Directors
4. Election by the General Shareholders Meeting

(Procedure for the nomination and the election of Audit & Supervisory)

1. Selection of candidates based on the above standards
2. Deliberation and Approval by the Audit & Supervisory Board
3. Deliberation by the Nomination Advisory Committee
4. Approval by the Board of Directors
5. Election by the General Shareholders Meeting

■ Policies and Procedures for the Dismissal of Directors

Company Directors shall be considered for dismissal, etc. in the event that any of the following conditions apply.

(Criteria for dismissal, etc.)

- The performance of the business for which they are responsible or the result of activities for the division for which they are responsible is significantly unsatisfactory
- In the course of executing their duties, the Director inflicted damage upon the Company by violating legal statutes and the articles of association through other deliberate or seriously negligent means
- The Director significantly harmed the Company's standing and reputation by using their position and authority to wrongfully receive personal gains
- Any other aspects which the Company deems to be unsuitable for a Director
(Procedures for the dismissal, etc. of Directors)
- After a review by the designated advisory committee, the required measures for dismissal are reviewed in a Board of Directors meeting and carried out at the appropriate time.

(5) Explanations of Individual Appointments and Nominations

The reasons for individual appointments of outside executives are contained in the "Notice of the General Shareholders' Meeting" and the "Annual Securities Report (Japanese only)."

Please also see the section of this report entitled "II .1. Items Related to Organizational Structure and Operation [Directors] and [Audit & Supervisory Board Members]."

The reasons for the appointment and nomination of directors and Audit & Supervisory Board members, as well as their career histories, are contained in the "Notice of the General Shareholders' Meeting" and the "Annual Securities Report (Japanese only)."

[Supplementary Principle 4.1.1]

At KDDI, Board of Directors resolutions determine:

- Matters prescribed by the Companies Act or other laws and regulations,
- Matters prescribed by the Articles of Incorporation,
- Matters delegated for resolution at the general shareholder meeting, and
- Other important management-related matters.

For other important management-related matters, their importance is determined according to such factors as the scale of money, business, assets, and investment involved.

These decision standards for importance are not permanent. Rather, they are reviewed appropriately in accordance with changes in the legal system and the environment in which the Company operates, with the aim of ensuring management speed and effectiveness.

[Principle 4.8]

In addition to the outside director requirements in the Companies Act and the independence standards provided by the financial instruments exchange, the Company meets its own independent standards ([Principle 4.9]) by appointing three independent outside directors.

[Principle 4.9]

In addition to the standards provided by the financial instruments exchange, the Company has formulated its own standards. Specifically, these standards state that people hailing from business partners making up 1% or more of the Company's consolidated net sales or orders placed are not independent. The standards also take other individual considerations into account.

[Supplementary Principle 4.11.1]

KDDI believes that an important driver for the Company's growth, aiming for "Integration of Telecommunications and Life Design," is accepting the diversity of human resources and utilizing the various knowledge, experience, and skill of each individual members. We believe that ensuring diversity in the Board of Directors as well will lead to better managerial decisions.

KDDI believes that the overall Board of Directors should include members with advanced specialized knowledge and diverse perspectives when making decisions including matters that are important from a management perspective and matters that legally require supervision.

Accordingly, in principle the board includes the following members.

- People with specialized knowledge and experience in various fields of business
 - People who have a shareholder perspective and possess management knowledge
 - People who are highly independent and have specialized knowledge appropriate to a supervisor
- Currently, the Company has appointed one woman as an independent outside director.

KDDI recognizes the need to appropriately limit the size of the Board of Directors in order to achieve both management effectiveness and speed. Accordingly, the Articles of Incorporation limit the number of members to 20.

[Supplementary Principle 4.11.2]

The status of directors' and Audit & Supervisory Board members' concurrent executive appointments at other listed companies is described in the "Notice of the General Shareholders' Meeting" and the "Annual Securities Report (Japanese only)."

[Supplementary Principle 4.11.3]

■ Purpose of conducting evaluation of Board of Directors

The Company conducts a self-evaluation of the Board of Directors regularly every year in order to correctly understand the situation of the Board of Directors and promote its consecutive improvement.

■ Outline of evaluation process

The Company confirms the effectiveness of the Board of Directors based on evaluation by the directors and Audit & Supervisory Board members. The evaluation takes the form of a questionnaire and aims to verify the effectiveness of the board's initiatives and discover where improvements can be made from two perspectives, quantitative evaluation and qualitative evaluation, through a combination of four-grade evaluation and free writing.

The evaluation covers the most recent one-year period and is conducted regularly every year. The results of the evaluation are reported to the Board of Directors and future measures are considered.

The main evaluation items are as follows.

- Operation of the Board of Directors
(configuration of members, documents and explanations, provision of information, etc.)
- Supervision of Executives
(conflict of interest, risk management, management of subsidiaries, etc.)

- Medium- and long-term discussions
(participation in medium-term business planning, monitoring of plan enforcement, etc.)

■ Evaluation results

[Summary]

The evaluation confirmed that the Company's Board is operating effectively, especially good at the following two matters:

- Meaningful questions and opinions are actively expressed by outside directors and Audit & Supervisory Board with diverse backgrounds, including a management executive, attorney at law, certified public accountant and expert in information engineering, thereby achieving due consideration of each agenda item.
- In order to fulfil their role as outside directors, the outside directors, Audit & Supervisory Board members and accounting auditors cooperate and share information on company issues, etc. as well as providing information from the company.

[Improvements since previous evaluation]

Themed discussion of the next medium-term management plan was held four times in 2018. On each occasion, opinions were vigorously exchanged from various angles, so that awareness of issues and in-depth discussion of key strategies were further enhanced. Thus, the Company's Board confirmed that an issue raised in the previous evaluation, "further expansion of discussion of medium- and long-term business strategies," had been accomplished.

[Future issues]

We will work toward continued improvement of the following two key issues, aimed at sustainable growth of corporate value.

- While pursuing expansion into different industries and fields centered on the telecommunications business, we will discuss the company's social mission and business strategies and what kind of company we want to be from various perspectives.
- In order to grow the business of Group companies and reinforce corporate governance, we will monitor the management status and operating structure of subsidiaries in Board of Directors meetings in a timely manner.

■ Evaluation of the effectiveness of the Audit & Supervisory Board

With the aim of correctly comprehending the current state of the Audit & Supervisory Board, and to operate more effectively, KDDI evaluated the effectiveness of the Audit & Supervisory Board and reported the results to the Board of Directors.

1. Evaluation results

We confirmed that there were basically no problems in the operational effectiveness as an Audit & Supervisory Board. However, in light of the current increase of new subsidiaries, we recognized the importance of further enhancing monitoring with regard to the establishment of an auditing environment for subsidiaries and the audit status of subsidiaries by directors.

2. Future activities

In light of the aforementioned, we will continue our efforts for the sound management and sustainable growth of the entire KDDI Group and improvement of social trust through further cooperation with the auditors of subsidiaries and by increasing the effectiveness of auditing for the entire Group.

[Supplementary Principle 4.14.2]

Upon appointment, newly appointed directors and Audit & Supervisory Board members undergo the following types of training to acquire knowledge considered necessary to fulfilling their various responsibilities.

- Lectures by legal advisors concerning directors' legal responsibilities
- Certified public accountant lecture on accounting knowledge

In addition, the Company is working to invigorate deliberations in Board of Directors meetings by providing opportunities for outside directors and outside Audit & Supervisory Board members to undergo training by responsible persons in each field concerning industry trends, an overview of the Company's organization and its various businesses and technologies and future strategies, and improve their understanding of the Company.

Besides, individual training may be arranged if executives so request, and other opportunities for training and to augment knowledge are provided as necessary.

[Principle 5.1]

The Company considers its shareholders and investors to be important stakeholders. Accordingly, we make the building of trust-based relationships with shareholders and investors a management priority and strive for value-oriented corporate management, active information disclosure, and enhanced communication.

The Company's Board of Directors resolves its "IR Basic Policy," which outlines its basic views on IR activities and describes activity policies. This policy is available on the KDDI website.

<http://www.kddi.com/english/corporate/ir/policy/>

The officer responsible for the Corporate Sector takes charge of primary IR activities in accordance with this policy.

For details, please see the section of this report entitled "III.2. IR Activities."

Other Matters Relating to Independent Directors/Auditors

All the Company's outside directors/auditors qualify as independent directors/auditors and are designated as independent directors/auditors.

As stipulated in Principle 4-9 of [Disclosure Based on the Principles of Japan's Corporate Governance Code,] trading partners that make up 1% or more of consolidated sales or orders placed are uniformly not treated as independent, and independent directors that do not apply to this rule are not checked as business partners in a relationship with the Company.

[Incentives]

Implementation of Measures to Provide Incentives to Members of the Managing Board	Introduction of a remuneration plan linked with consolidated operating performance, introduction of a system of stock acquisition rights
---	--

Supplementary Explanation on This Matter

■ Views on the ratio of performance-linked in management’s remuneration

KDDI has introduced the performance-linked stock compensation plan from 2015 in order to clarify the link between compensation for Directors and Other Executives with shareholder value performance and to increase their awareness of contributing to increases in operating performance and corporate value over the medium to long term.

KDDI partially revised the plan at the 34th General Meeting of Shareholders held in June 2018 and this revision is expected to result in an increase in the ratio of performance-linked stock compensation as a percentage of overall remuneration to 45%. *

* The ratio of the basic compensation, a fixed compensation, and the bonus and stock compensation, which fluctuate according to performance, is calculated based on the case where the performance achievement is 100%.

Note: Formula for calculating bonus and stock compensation is as follows.

◆ Bonus: Basic amount by position multiplied by the Company operating performance and KPI evaluation

◆ Stock compensation: Basic points by position multiplied by the Company operating performance and KPI evaluation

Company operating performance: the Group’s consolidated revenue, operating income etc.

KPI evaluation: net increase in mobile IDs, au churn rate and added-value ARPA etc.

Aligning stock compensation with the period of the following year’s medium-term management plan is intended as one effort toward achieving the medium-term targets.

A decision was reached at the 22nd Annual Shareholders Meeting, held on June 15, 2006, to introduce a plan for issuing stock acquisition rights to serve as an incentive for executing operations and increasing operating performance, with an upper limit of ¥40 million per year. However, no stock acquisition rights have been allocated based on this plan since the fiscal year ended March 31, 2011.

Recipients of Stock Options	Internal directors, employees, directors of subsidiaries

Supplementary Explanation on This Matter

For employees, this system is limited to those in management positions. The system is also limited to the directors of only certain subsidiaries.

[Remuneration of Directors]

Disclosure of Remuneration (for Individual Directors)	Partial individual disclosure
--	-------------------------------

Supplementary Explanation on This Matter

Chairman Takashi Tanaka's compensation for the fiscal year ended March 31, 2018 totaled 124 million yen (basic compensation: 78 million yen, bonuses: 25 million yen, stock-based compensation: 21 million yen), and is individually disclosed on the securities report (Japanese only).

Policy on Determining Remuneration Amounts and Calculation Methods	Established
---	-------------

Disclosure of Policy on Determining Remuneration Amounts and Calculation Methods

Remuneration for directors consists of fixed-amount salaries and performance-linked executive bonuses and stock remuneration provided that they are responsible for improving business results every fiscal year, as well as medium- to long-term corporate value. Fixed-amount salaries are based on such factors as directors' professional ranking and the management environment.

Executive bonuses and stock remuneration are based on the KDDI Group's level of achievement of its performance targets for each fiscal year, as well as on individual directors' roles.

To ensure the transparency and fairness of executive remuneration systems and levels, KDDI has established a Remuneration Advisory Committee to conduct deliberations and provide advice to the Board of Directors. The chair, vice-chair and half or more of the members of this committee are outside directors.

[System for Supporting Outside Directors (Outside Audit & Supervisory Board Members)]

Board of Directors meeting dates and agenda items are provided in advance to outside directors and outside Audit & Supervisory Board members. In addition, agenda materials are distributed ahead of time to foster understanding of the items in question and invigorate deliberations at Board of Directors meetings.

Besides the Board of Directors meeting, the Company provides periodically sufficient opportunities and time of meetings between Executive Directors and Outside Directors/Audit & Supervisory Board Members, or meetings without Executive Directors, i.e. Outside Directors alone, which enables Outside Directors to give the Company the appropriate engagements and advices on various management matters.

On April 1, 2006, KDDI established the Auditing Office to support Audit & Supervisory Board members, including outside members.

Other Matters

2. Matters concerning Business Execution, Auditing and Supervision, Nomination, Determination of Remuneration and Other Functions (Overview of Current Corporate Governance System)

[Business Execution and Its Supervision]

KDDI has introduced an executive officer system to assign authority, clarify responsibilities, and ensure that operations are conducted effectively and efficiently.

Important matters related to business execution are deliberated and decided by the Corporate Management Committee, composed of internal directors and executive officers. Final decisions on other matters are made through internal requests for decision. In addition to mutual supervision of directors and executive officers through Corporate Management Committee and other important internal meetings, organizational checks are conducted through internal requests for decision.

[Directors and the Board of Directors]

The Board of Directors, which includes outside directors, makes decisions regarding important matters as prescribed by relevant statutes, and oversees the execution of business by directors and other managers to ensure proper conduct. The board is currently headed by the chairman, who is a non-executive director.

The board comprises 14 members (13 men and one woman), of whom five are outside directors and three are independent outside directors.

[Audit & Supervisory Board System]

Audit & Supervisory Board members conduct audit activities based on the audit policy and plans determined by the Audit & Supervisory Board. To perform audit activities, these members attend meetings of the Board of Directors and Corporate Management Committee, as well as other important internal meetings. In addition, the Audit & Supervisory Board receives reports on and deliberates Audit & Supervisory Board members' audit methods and results. Furthermore, the Audit & Supervisory Board expresses opinions, as appropriate, to the Board of Directors.

Three of the five Audit & Supervisory Board members (five men) are outside Audit & Supervisory Board members. All three of these members are independent outside Audit & Supervisory Board members.

[Advisory Committees]

To ensure transparency and fairness in the nomination of director and Audit & Supervisory Board member candidates, as well as in executive compensation systems and levels, the Company has established the "Nomination Advisory Committee" and the "Remuneration Advisory Committee" as advisory bodies to perform deliberations in consultation with the Board of Directors.

The chairs, vice-chairs and half or more of the members of these two committees are outside directors.

[Remuneration of Directors and Audit & Supervisory Board Members]

For the Company's policy on the remuneration of directors, please see the section of this report entitled "II.1. [Incentives] [Remuneration of Directors]."

Remuneration of Audit & Supervisory Board members is determined in consultation with Audit & Supervisory Board members. These members receive fixed compensation that is not affected by fluctuations in the Company's operating performance.

[Nomination of Director and Audit & Supervisory Board Member Candidates]

The nomination of director and Audit & Supervisory Board member candidates involves deliberation by the Nomination Advisory Committee following a selection of candidates based on the below-stated policy. In addition, Audit & Supervisory Board member candidates are approved by the Board of Directors following approval by the Audit & Supervisory Board.

- Director candidates: People who satisfy the criteria in Supplementary Principle 4.11.1
- Audit & Supervisory Board member candidates: People who are able to supervise overall management from a perspective independent from directors and who have the extensive experience and broad-ranging insight to enhance audit appropriateness.

[Liability Limitation Agreements]

The Company concludes agreements with directors (excluding executive directors) and Audit & Supervisory Board members limiting their liability for damages in accordance with Article 427-1 and Article 423-1 of the Companies Act. The limits on damage liability amounts based on these agreements are set in accordance with Article 425-1 of the Companies Act.

These limitations of liability are limited to acts by directors and Audit & Supervisory Board members who are without knowledge and are not grossly negligent in performing duties that are the source of such responsibility.

[Accounting Audits]

The Company employed PricewaterhouseCoopers Kyoto to conduct its accounting audit for the fiscal year ended March 31, 2018. The certified public accountants who conducted the audit, their consecutive number of years in conducting accounting audits, and the status of assistants are as follows.

Engagement partner Yukihiro Matsunaga (six years)

Engagement partner Toshimitsu Wakayama (four years)

Engagement partner Tetsuro Iwase (two years)

Assistants: 10 certified public accountants, 25 others (total of 35)

[Internal Audits]

All KDDI Group operations are subject to internal audits to regularly assess the appropriateness and effectiveness of internal controls. The results of internal audits are reported to the president and to Audit & Supervisory Board members, along with recommendations for improvement and correction of problem areas.

[Business Ethics]

The KDDI Group has established the "KDDI Group Business Ethics Committee," which makes decisions on compliance-related issues. This committee meets twice a year to determine the status of Group companies and support the construction and enhancement of compliance systems.

Companywide study sessions are held to promote awareness of the "KDDI Group Philosophy." Seminars are held to promote early response to and prevention of compliance violations, and training is conducted on an ongoing basis to raise awareness.

With regard to whistle-blowing, the Company has established a "Business Ethics Helpline" as a helpdesk for compliance with business ethics and laws and regulations. By establishing a contact point in collaboration with external experts, the Company is creating an environment in which it is easy for employees to report concerns. Furthermore, we have established internal regulations to protect whistle-blowers in accordance with the Companies Act and the Whistle-Blower Protection Act, and actively conduct educational activities on this topic. This scope of use of the Business Ethics Helpline has been extended to include business partners in an effort to also enhance our relationships with these partners in the area of business ethics and compliance with laws and regulations.

[Internal Committees]

In addition to the "Nomination Advisory Committee," "Remuneration Advisory Committee," and "KDDI Group Business Ethics Committee," the Company has established the following committees in the interest of reinforcing governance.

- Disclosure Committee: Please see the section of this report entitled "V.2. Other Matters Concerning the Corporate Governance System."
- Sustainability Committee: This committee deliberates on matters relating to the sustainability of CSR, the environment, and more.
- Information Security Committee: This committee aims to ensure consistent information security

with relation to information assets.

[External Cooperation Related to Auditing and Supervision]

Necessary information is collected and opinions are stated by outside directors via the Board of Directors, and by outside Audit & Supervisory Board members via the Board of Directors, Audit & Supervisory Board, and audit activities. The receipt of appropriate feedback ensures mutual cooperation between internal audits and accounting audits. Within the scope of this framework, the Corporate Risk Management Division strives to create cooperative relationships in the interest of reinforcing corporate governance and achieving sustainable growth and increased corporate value over the medium to long term.

Furthermore, the “Director and Audit & Supervisory Board Member Liaison Meeting,” the “Outside Directors and Audit & Supervisory Board Member Liaison Meeting,” the Outside Directors and part-time Audit & Supervisory Members Liaison Meeting,” and the “Outside Directors Liaison Meeting,” meet regularly to ensure smooth relations.

In addition, informal meetings are held twice each year to encourage free exchanges of opinion between part-time Audit & Supervisory Board members and representative directors.

3. Reasons for Adoption of Current Corporate Governance System

From the perspective of the “proper and efficient business execution” and “appropriate auditing and supervision functions” expected of corporate governance, the Company has appointed multiple outside directors has adopted Audit & Supervisory Board and other systems that include a majority of outside Audit & Supervisory Board members.

Regarding “proper and efficient business execution,” the Company believes swift decision-making by the Board of Directors, centered on internal directors, points to a high level of efficiency. With respect to “appropriate auditing and supervision functions,” the Company believes that its auditing and supervision functions are functioning appropriately, as outside executives—including independent executives—perform checks of the bodies performing business execution from diverse perspectives. In particular, Audit & Supervisory Board members have no Board of Directors voting rights, enabling them to audit the execution of duties by directors objectively. Furthermore, we believe independent outside Audit & Supervisory Board members are able to conduct audits from a perspective independent from other members of the management team.

IV. Matters Related to the Internal Control System

1. Basic Views on the Internal Control System and Progress of System Development

Based on the provisions of Article 362, Paragraph 5 of the Companies Act, KDDI passed the Basic Policy for Constructing an Internal Control System at a meeting of the Board of Directors and issued a public announcement. KDDI aims to ensure fair, transparent and efficient execution of its corporate duties and to maintain an effective system for internal controls.

The Basic Policy for Constructing an Internal Control System is described below.

1 Corporate Governance

(1) The Board of Directors

The Board of Directors is composed of both internal and external Directors, who make decisions on matters such as management plans and important legal matters as stipulated by laws and ordinances based on the Board's regulations and Agenda standards. In addition, the Board oversees the competent execution of business duties by the Directors themselves.

Information pertaining to the execution of business duties by the Directors must be stored and managed appropriately in accordance with internal regulations.

(2) System for executing business duties

[1] The Executive Officers' System aims to clarify both the delegation of authority and responsibility system, as well as ensure that tasks are executed effectively and efficiently.

[2] The Corporate Management Committee, which is composed of Directors and Executive Officers', shall discuss and determine important matters pertaining to the execution of tasks, as well as discussing and determining the Board's Agenda items, based on the Corporate Management Committee regulations.

(3) System for ensuring the effective execution of business duties by Audit & Supervisory Board Members

[1] Audit & Supervisory Board Members shall attend the Meetings of the Board of Directors and, additionally, steps shall be taken to allow them to attend the principle internal meetings of the company.

[2] The Board of Directors, and staff, the Directors, etc. of subsidiaries, and the Internal Auditing Division shall provide the Audit & Supervisory Board Members with timely, appropriate reporting of information necessary for executing the business duties of the Audit & Supervisory Board Members, and if matters are discovered that pose a risk of significant damage to our company and the subsidiaries, they shall be reported immediately to the Audit & Supervisory Board

Members. In addition, the Board of Directors and staff, the Directors, etc. of subsidiaries, and the Internal Auditing Division shall aim to collaborate with the Audit & Supervisory Board Members by exchanging opinions and ideas.

- [3] The Auditing Office is established to support the business duties of the Audit & Supervisory Board Members, and it deploys full-time staff. Each Audit & Supervisory Board Member has the right to provide instructions to such staff members, and consent must be obtained in advance from the Audit & Supervisory Board or the Audit & Supervisory Board Member specified by the Audit & Supervisory Board, prior to making staffing decisions related to the Auditing Office.
- [4] Steps shall be taken to ensure that a person who has reported to the Audit & Supervisory Board Members shall not suffer any consequences on account of having made such report.
- [5] The Audit & Supervisory Board Members shall receive payment, including advance payment, for costs required by them to carry out their duties.

2 Compliance

- (1) All Directors and employees should continuously maintain high ethical standards in accordance with the basic principles set forth in the 'KDDI Action Guideline,' which should be complied with, and aim to execute their business duties properly.
- (2) Firm measures should be taken against antisocial forces, and efforts should be made to sever all such relationships.
- (3) Each KDDI Group company shall make efforts to promptly identify and resolve any serious violation of laws and ordinances or other compliance-related matters or incidents, at KDDI Group company meetings pertaining to business ethics.
- (4) KDDI shall aim to appropriately operate a whistle-blowing system internal reporting contact established both internally and externally to the company.
- (5) KDDI shall strive to improve understanding and awareness of compliance through in-house training and education as well as outside training lectures.

3 Risk management for achieving business goals fairly and efficiently

- (1) KDDI shall conduct business risk analyses, stringently prioritize business activities and formulate appropriate business strategies and business plans at meetings participated in by Directors concerning business strategy, with the objective of continuous growth for the KDDI Group. To achieve this, business risk should be monitored monthly at meetings pertaining to performance management, and this performance should be managed thoroughly.
- (2) KDDI shall appoint an Internal Control Officer in each division, and the Internal Control Officer shall autonomously promote the following initiatives so that business objectives may be achieved fairly and efficiently.
 - [1] All Divisions and their Directors shall work in cooperation with the Risk Management Division, which regularly identifies and uniformly manages risk information. The KDDI Group's risks shall be managed appropriately and in accordance with internal regulations, and efforts shall be made to achieve business objectives fairly and efficiently.
 - [2] KDDI shall examine measures for minimizing the risk of business interruptions as much as possible in order to respond to events which could have serious and long-term effects on corporate business.
 - [3] In accordance with the internal control reporting system based on the Financial Instruments and Exchange Act, KDDI shall implement documentation, assessment and improvement of the state

of company-wide internal control and of important business processes on a consolidated basis, with the aim of further improving the reliability of financial reporting.

- [4] KDDI shall aim to maintain and enhance the systems necessary to improve the quality of business duties of the KDDI Group, including enhancement of the effectiveness and efficiency of business duties and appropriate acquisition, safekeeping and disposal of assets.
- (3) In its role as a telecommunications carrier, KDDI shall pursue the following initiatives.
- [1] Protecting the privacy of communications
Protecting the privacy of communications is at the very root of the KDDI Group's corporate management, and the Group will abide by this.
 - [2] Information Security
KDDI aims to manage the company's total information assets, including preventing leaks of customer information and cyber-terrorism of networks for telecommunications services, by formulating measures at meetings pertaining to information security to ensure this security in cooperation with the Directors and employees.
 - [3] Recovering networks and services in times of disaster
In order to minimize as much as possible the risk of a termination or interruption to telecommunications services in the event that a major accident, obstruction or large-scale disaster occurs, a Business Continuity Plan (BCP) shall be formulated and measures shall be implemented to improve network reliability and prevent the halting of services.
In order to facilitate a prompt recovery in times of emergency or disaster, a Disaster Response Headquarters shall be established as expeditiously as possible.

4 Initiatives relating to working together with stakeholders

- (1) The whole company shall make efforts to gain support and trust for all KDDI Group activities, improve customer satisfaction, and strengthen and expand the company's customer base.
 - [1] By regarding all stakeholders as customers, and through the prompt and appropriate response to customer needs and complaints, all Directors shall engage in TCS (Total Customer Satisfaction) activities that aim to improve the level of customer satisfaction. To promote these activities, efforts shall also be made at meetings pertaining to TCS to evaluate and improve TCS activities.
 - [2] In addition to providing customers with safe, secure, high-quality products and services in compliance with the pertinent laws and regulations, information about products and services should be provided in an easy-to-understand format and indicated appropriately, so that customers can select and use the most appropriate product and/or service.
- (2) In order to gain the understanding and trust of all stakeholders, transparency of KDDI Group management shall be ensured, and efforts shall be made to further enhance the PR and IR activities of the KDDI Group.
- (3) The KDDI Group's business risk shall be fairly identified and disclosed in a timely and appropriate manner at meetings pertaining to information disclosure. In addition, our Sustainability reports "Integrated Report (Detailed ESG Version)" shall be created and disclosed, centering on those departments promoting sustainability, for matters pertaining to the KDDI Group's social responsibilities, including its environmental efforts and contributions to society.

5 Systems for ensuring business suitability of corporate groups

- (1) To ensure business suitability in subsidiaries, regulations pertaining to the management of subsidiaries shall be defined, and the systems described below shall be established.
 - [1] The investment management division in charge of the management of each subsidiary, as well as the general management division that extends across the subsidiaries, shall be defined in order to

establish a system of management and support for subsidiaries.

[2] Subsidiary management roles pertaining to the Directors, the Audit & Supervisory Board Members, and other staff dispatched to each subsidiary shall be defined in order to ensure the effectiveness of subsidiary governance.

[3] For decision-making on important matters at subsidiaries, the matters to be approved and approval procedures by the Board of Directors, the Corporate Management Committee, etc. shall be defined in order to establish the subsidiary management system.

[4] The matters covered in reports, as well as the procedures, shall be defined for subsidiaries in order to establish a system of collaboration with subsidiaries.

(2) KDDI shall appoint an Internal Control Officer in each subsidiary to ensure appropriate business operations in each subsidiary, as well as to promote proper risk management and reduction measures, so as to achieve business goals fairly and efficiently.

(3) In addition to working, through meetings in each subsidiary pertaining to the business ethics, to promptly identify and resolve any serious violation of laws and ordinances by a subsidiary or any other compliance-related matter or incident, a whistle-blowing system shall at all times maintain high ethical standards in accordance with the KDDI Action Guideline, and promotion shall be implemented to ensure a system is in place whereby business duties are carried out appropriately.

6 Internal Audits

Internal audits are conducted for all aspects of business of the KDDI Group, and the suitability and effectiveness of the Internal Control system is verified regularly. The results of internal audits are reported to the President with added suggestions for points that can be improved or revised, and a report is also made to the Audit & Supervisory Board Members.

2. Basic Views on Eliminating Anti-Social Forces and Progress of Related Efforts

The Company's "Basic Policy for Constructing an Internal Control System" states that firm measures should be taken against anti-social forces, and efforts should be made to sever all such relationships.

In addition, the "KDDI Action Guideline," which sets forth the basic principles that all officers and employees should maintain when performing their duties, takes a firm stand against anti-social forces, rejecting any requests for illicit funds and refusing to comply with their demands.

V. Other

1. Adoption of Takeover Defense Measures

Adoption of Takeover Defense Measures	Not adopted
---------------------------------------	-------------

Supplementary Explanation on This Matter

2. Other Matters Concerning the Corporate Governance System

1. Basic Policy on the Timely Disclosure of Corporate Information

KDDI considers building trust-based relationships with shareholders and investors a management priority. We endeavor to disclose corporate information that may affect investment decisions in a timely and appropriate manner, in accordance with the timely disclosure regulations stipulated by the Financial Instruments and Exchange Law and the Tokyo Stock Exchange.

2. Internal Systems for the Timely Disclosure of Corporate Information

(1) Designation of Person Responsible for Handling Information and Establishment of Secretariat

As defined in the timely disclosure regulations, KDDI has designated the general manager of the General Administration & Human Resources Division as the person responsible for managing corporate information and handling timely disclosure, and has established the General Administration Department of the General Administration & Human Resources Division as the secretariat.

We have established the “Disclosure Committee” to gather earnings information to be disclosed for fiscal periods and designated the Accounting and Finance Department of the Corporate Management Division as the secretariat.

(2) Internal Decision-Making and Disclosure of Corporate Information

The management of important internal corporate information is handled in accordance with the Company’s internal regulations.

When disclosing corporate information, the General Administration Department first gathers such information from the Company’s departments. In principle, items to be disclosed are approved by the Board of Directors or the Corporate Management Committee before being disclosed to the Tokyo Stock Exchange by the person responsible for handling information. In the event of a matter requiring urgent disclosure, corporate information is disclosed promptly, based on the judgment of the president or the person responsible for handling information.

To ensure the more accurate disclosure of corporate information, financial information to be disclosed for fiscal periods is centrally deliberated on by the “Disclosure Committee.”

(3) Checking Function Related to Timely Disclosure

In line with the General Administration Department’s designation of the person responsible for handling information, in accordance with timely disclosure regulations the decision on whether to disclose information is made after confirming with the internal department associated with the disclosure content or, if necessary, the accounting auditor or an attorney at law.
